PROJECT AGREEMENT

Project Title

MT. SUNAPEE STATE PARK

Project Period

10/1/65 - 11/30/68

Period Covered by Agreement

4/1/66 - 11/30/67

Project Scope

To plan and construct a 4000 foot double chair ski lift and related structures, related ski slopes, and about 6000 feet of related access road, in Mt. Sunapee State Park, in accordance with project proposal number 28-00006 dated September 2, 1965, which is hereby incorporated by reference and made a part of this agreement.

Stage Covered by this Agreement

To conduct a profile survey for location of the chair lift; develop plans and specifications, including preliminary plans; construct access road, trails and slopes

Project Cost Federal Funds Obligated by this Agreement

	Year	Amount
Total Cost \$		483,000
Fund Support Ceiling	1965	\$ 6,663
Percent		50 %
Amount	1966	\$ 59,837
Cost of this		\$
Segment \$		133,000
Assistance this		\$
Segment \$		66,500
Total Obligations to Date \$		66,500

The United States of America, represented by the Director, Bureau of Outdoor Recreation, United States Department of the Interior, and the State named above (hereinafter referred to as the State), mutually agree to perform this agreement in accordance with the Land and Water Conservation Fund Act of 1965, 78 Stat. 897 (1964), and with the terms, promises, conditions, plans, specifications, estimates, and procedures attached hereto and hereby made a part hereof.

The United States hereby promises, in consideration of the promises made by the State herein, to obligate to the State the amount of money referred to above, and to reimburse the State that portion of the obligation which is required to pay the United States' share of the costs of the above project stage, based upon the above percentage of assistance. The State hereby promises, in consideration of the promises made by the United States herein, to execute the project stage described above in accordance with the terms of this agreement.

The following special project terms and conditions were added to this agreement before it was signed by the parties hereto:

None

In witness whereof, the parties hereto have executed this agreement as of the date entered on the first page hereof.

Ben,

After further research and consultation we have determined that the proposal presented below is best treated as an exception to a conversion as described in Chapter 675.9 Section 3.A. 5(b). We have reached this determination as the proposal is to construct a public facility that will result in a gain or increased benefit to public recreational opportunities. As such, no further NPS review or approval is required.

Roy

UNITED STATES DEPARTMENT OF THE INTERIOR
 Bureau of Outdoor Recreation
 Land and Water Conservation Fund Project Agreement

State	NEW HAMPSHIRE	Project Number	33-00047
Project Title	MOUNT SUNAPEE STATE PARK II		
Period Covered by this Agreement	From Date of Approval to 6/30/72	Project Period	From Date of Approval to 6/30/72

Project Scope (Description of Project)

This project proposes the improvement of the beach bathhouse and main park waste disposal facilities at 2,175 acre Mt. Sunapee State Park on Lake Sunapee in the Town of Newbury, New Hampshire. Development will include the construction of a new 2000 per day capacity bathhouse-dressing structure with lifeguard/first-aid room and a small snack bar to replace obsolete and inadequate existing facilities (\$132,000.00); and the construction of a spray irrigation waste disposal system for the disposal of lagoon-stored treated waste at the main park waste disposal facilities in compliance with recently enacted higher water quality standards (\$25,000.00). Estimated Total Cost \$157,000.00.

Project Stage Covered by this Agreement

Entire Project

Project Cost		
Total Cost	\$ 157,000.00	
Fund Support	50 %	
Fund Amount	\$ 78,500.00	
Cost of this Stage	\$ 157,000.00	
Assistance this Stage	\$ 78,500.00	

The following attachments are hereby incorporated into this agreement:

1. General Provisions dated December, 1965
2. Project Proposal
3. "Mt. Sunapee State Park II"
- 4.

LAND AND WATER CONSERVATION FUND PROJECT AGREEMENT

General Provisions

A. Definitions

1. The term "BOR" as used herein means the Bureau of Outdoor Recreation, United States Department of the Interior.
2. The term "Director" as used herein means the Director of the Bureau of Outdoor Recreation, or any representative lawfully delegated the authority to act for such Director.
3. The term "Manual" as used herein means the Bureau of Outdoor Recreation Manual.
4. The term "project" as used herein means that project or project stage which is the subject of this agreement.
5. The term "State" as used herein means the State which is a party to this agreement, and, where applicable, the political subdivision or public agency to which funds are to be transferred pursuant to this agreement. Wherever a term, condition, obligation, or requirement refers to the State, such term, condition, obligation, or requirement shall also apply to the recipient political subdivision or public agency, except where it is clear from the nature of the term, condition, obligation, or requirement that it is to apply solely to the State.

B. Project Execution

1. The State shall execute and complete the approved project in accordance with the time schedule set forth in the project proposal. Failure to render satisfactory progress or to complete this or any other project which is the subject of Federal assistance under this program to the satisfaction of the Director may be cause for the suspension of all obligations of the United States under this agreement.
2. Construction contracted for by the State shall meet the following requirements:
 - (a) Contracts for construction in excess of \$10,000 shall be awarded through a process of competitive bidding. Copies of all bids and a copy of the contract shall be retained for inspection by the Director.
 - (b) The State shall inform all bidders on contracts for construction in excess of \$10,000 that Federal funds are being used to assist in construction.
 - (c) Written change orders to contracts for construction in excess of \$10,000 shall be issued for all necessary changes in the facility. Such orders shall be made a part of the project file and shall be kept available for audit.
 - (d) The State shall comply with the regulations of the Secretary of Labor contained in 29 CFR 3 (1964), and pursuant to 40 U.S.C. Sec. 276(c) (1964), which require from each contractor or subcontractor a weekly wage payment statement. Such regulations are hereby incorporated into this agreement by reference.
 - (e) The State shall incorporate, or cause to be incorporated, into all construction contracts the following provisions:

"During the performance of this contract, the contractor agrees as follows:

"(1) The contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

"(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

"(3) The contractor shall send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

"(4) The contractor will comply with all provisions of Executive Order No. 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

"(5) The contractor will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

"(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, and orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts and the contractor may be declared ineligible for subcontracts under Government contracts. Such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

"(7) The contractor will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct, as a means of enforcing such provisions, including sanctions for noncompliance. Notwithstanding that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States."

(f) The State shall (1) comply with the above provisions in construction work carried out by itself,

(2) assist and cooperate actively with the BOR and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the above contract provisions and with the rules, regulations, and relevant orders of the Secretary of Labor, (3) obtain and furnish to the BOR and to the Secretary of Labor such information as they may require for the supervision of such compliance, (4) enforce the obligation of contractors and subcontractors under such provisions, rules, regulations, and orders, (5) carry out sanctions and penalties for violation of such obligations imposed upon contractors and subcontractors by the Secretary of Labor or the BOR pursuant to Part II, Subpart D, of Executive Order No. 11246 of September 24, 1965, and (6) refrain from entering into any contract with a contractor debarred from Government contracts under Part II, Subpart D, of Executive Order No. 11246 of September 24, 1965.

3. The State shall secure completion of the work in accordance with the approved construction plans and specifications, and shall secure compliance with all applicable Federal, State, and local laws and regulations.

4. The State shall permit periodic site visits by the Director to insure work progress in accordance with the approved project, including a final inspection upon project completion.

5. In the event funds should not be available for future stages of the project, the State shall bring the project to a point of usefulness agreed upon by the State and the Director.

6. All significant deviations from the project proposal shall be submitted to the Director for prior approval.

7. Development plans and specifications shall be available for review by the Director upon request.

8. The acquisition cost of real property shall be based upon the appraisal of a competent appraiser. The reports of such appraisers shall be available for inspection by the Director.

9. If any tract or parcel of, or interest in, real property subject to being purchased under the provisions of this agreement, but not identified herein, is found by the Director for any reason not to be suitable for Federal assistance, all obligations of the United States hereunder shall cease as to such parcel, tract or interest.

C. Project Costs

Project costs eligible for assistance shall be determined upon the basis of the criteria set forth in the Manual.

D. Project Administration

1. The State shall promptly submit such reports as the Director may request.

2. Property and facilities acquired or developed pursuant to this agreement shall be available for inspection by the Director upon request.

3. The State shall use any funds received by way of advance payment from the United States under the terms of this agreement solely for the project or project stage herein described.
4. Interest earned on funds granted pursuant to this agreement shall not be available for expenditure by the State, but shall be disposed of according to instructions issued by the Director.
5. Because one of the basic objectives of the Land and Water Conservation Fund Act is to enhance and increase the Nation's outdoor recreation resources, it is the intent of the parties hereto that recipients of assistance will use moneys granted hereunder for the purposes of this program, and that assistance granted from the Fund will result in a net increase, commensurate at least with the Federal cost-share, in a participant's outdoor recreation. It is intended by both parties hereto that assistance from the fund will be added to, rather than replace or be substituted for, State and local outdoor recreation funds.

E. Project Termination

1. The State may unilaterally rescind this agreement at any time prior to the commencement of the project. After project commencement, this agreement may be rescinded, modified, or amended only by mutual agreement. A project shall be deemed commenced when the State makes any expenditure or incurs any obligation with respect to the project.
2. Failure by the State to comply with the terms of this agreement or any similar agreement may be cause for the suspension of all obligations of the United States hereunder.
3. Failure by the State to comply with the terms of this agreement shall not be cause for the suspension of all obligations of the United States hereunder if, in the judgment of the Director, such failure was due to no fault of the State. In such cases, any amount expended to settle at minimum costs any irrevocable obligations properly incurred shall be eligible for assistance under this agreement.
4. Because the benefit to be derived by the United States from the full compliance by the State with the terms of this agreement is the preservation, protection, and the net increase in the quantity and quality of public outdoor recreation facilities and resources which are available to the people of the State and of the United States, and because such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the United States by way of assistance under the terms of this agreement, the State agrees that payment by the State to the United States of an amount equal to the amount of assistance extended under this agreement by the United States would be inadequate compensation to the United States for any breach by the State of this agreement. The State further agrees, therefore, that the appropriate remedy in the event of a breach by the State of this agreement shall be the specific performance of this agreement.

F. Conflict of Interests

1. No official or employee of the State who is authorized in his official capacity to negotiate, make, accept or approve, or to take part in such decisions regarding a contract or subcontract in connection with this project shall have any financial or other personal interest in any such contract or subcontract.
2. No person performing services for the State in connection with this project shall have a financial or other personal interest other than his employment or retention by the State, in any contract or subcontract in connection with this project. No officer or employee of such person receiving such services shall have any financial or other personal interest in any such contract or subcontract for this project unless such interest is openly disclosed upon the public records of the State, and such officer, employee or person has not participated in the acquisition for or on behalf of the State.
3. No member of or delegate to Congress shall be admitted to any share or part of this agreement, or to any benefit to arise hereon, unless such benefit shall be in the form of an agreement made with a corporation for its general benefit.
4. The State shall be responsible for enforcing the above conflict of interest provisions.

G. Hatch Act

No officer or employee of the State whose principal employment is in connection with any activity which is financed in whole or in part pursuant to this agreement shall be eligible for any of the political activity proscribed in the Hatch Political Activity Act, 5 U.S.C. Sec. 118a (1964), with the exceptions therein enumerated.

H. Financial Records

1. The State shall maintain satisfactory financial accounts, documents, and records, and shall make them available to the BOR, the Department of the Interior, and to the General Accounting Office for auditing at reasonable times. Such accounts, documents, and records shall be retained by the State for three years following project termination.

2. The State may use any generally accepted accounting system, provided such system meets the minimum requirements set forth in the Manual.

I. Use of Facilities

- 1. The State shall not at any time convert any property acquired or developed pursuant to this agreement to other than the public outdoor recreation uses specified in the project proposal attached hereto without the prior approval of the Director.
- 2. The State shall operate and maintain, or cause to be operated and maintained, the property or facilities acquired or developed pursuant to this agreement in the manner and according to the standards set forth in the Manual.

J. Nondiscrimination

- 1. The State shall not discriminate against any person on the basis of race, color, or national origin in the use of any property or facility acquired or developed pursuant to this agreement.
- 2. The State shall comply with the terms and intent of Title VI of the Civil Rights Act of 1964, 78 Stat. 241 (1964), and with the regulations promulgated pursuant to such Act by the Secretary of the Interior and contained in 43 CFR 17 (1964).
- 3. The State shall not discriminate against any person on the basis of residence, except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence.

K. Compliance

The State shall be responsible for compliance with the terms of this agreement by any political subdivision or public agency to which funds are transferred pursuant to this agreement. Failure by such political subdivision or public agency to so comply shall be deemed a failure by the State to comply with the terms of this agreement.

L. Manual

The State shall comply with the policies and procedures set forth in the Bureau of Outdoor Recreation Manual. Said Manual is hereby incorporated into and made a part of this agreement.

Attachment 1
(Dec. 1965)
to Form BOR 8-92

The United States of America, represented by the Director, Bureau of Outdoor Recreation, United States Department of the Interior, and the State named above (hereinafter referred to as the State), mutually agree to perform this agreement in accordance with the Land and Water Conservation Fund Act of 1965, 78 Stat. 897 (1964), and with the terms, promises, conditions, plans, specifications, estimates, procedures, project proposals, maps, and assurances attached hereto and hereby made a part hereof.

The United States hereby promises, in consideration of the promises made by the State herein, to obligate to the State the amount of money referred to above, and to tender to the State that portion of the obligation which is required to pay the United States' share of the costs of the above project stage, based upon the above percentage of assistance. The State hereby promises, in consideration of the promises made by the United States herein, to execute the project described above in accordance with the terms of this agreement.

The following special project terms and conditions were added to this agreement before it was signed by the parties hereto:

This agreement is not subject to the provisions of section B.2(d) of the attached General Provisions dated December, 1965.

In witness whereof, the parties hereto have executed this agreement as of the date entered below.
